

Scalp Reduction Surgery: The 'Barbaric' Hair Loss Treatment Explained

"Scalp reduction surgery is now primarily of historic note. With the sophisticated FUE hair transplant techniques available today, we can completely restore hair to the entire scalp, including the top of the head, that looks completely natural. It also avoids the visible scars from scalp reduction surgery."

"Regarding Donald Trump, he has definitely had various hair procedures performed, including older hair transplant methods. It is also possible he had a scalp reduction, which may be the reason he has such an unusual hair style, with comb overs intended to cover up the visible scarring."
